PROFESSIONAL SUMMARY

Software Engineering student with hands-on experience in web applications and strong interest in Cyber Security (Web & Network Security, Ethical Hacking, Vulnerability Assessment).

EDUCATION

B.Sc. in Software Engineering 2023 – 2027
Daffodil International University, Dhaka, Bangladesh

TECHNICAL SKILLS

Core Cyber Security Skills: Cyber Security Fundamentals, Web Security, Network Security, Ethical Hacking Fundamentals, Vulnerability Assessment, Security Awareness

Programming & Tools: Python, C, Java, JavaScript, PHP, HTML, CSS, SQL, PostgreSQL, FastAPI, Git, GitHub, VS Code, Google Colab, XAMPP

Software Engineering & Other: Object-Oriented Programming, Software Architecture, Database Design, Basic Machine Learning

PROJECTS

FloodGuard System *(Personal Project)* *Python, SQL*

- Built a system that provides flood-related information and supports response activities, helping raise community awareness during flood events.
- Applied software engineering principles to design and develop a structured, reliable solution.

Bus Ticketing System *PHP, MySQL*

- Developed a web-based system for managing buses, tickets and bookings.
- Designed the application structure and database for organized, efficient handling of ticket data.

Other Academic Projects

- Patient Record Management System (OOD): structured patient data using Object-Oriented Design principles.
- Hospital Management System: database-driven system for organized handling of hospital records.
- Library Management System: application for managing and maintaining library records.

LEADERSHIP EXPERIENCE

Academic Team Leader Daffodil International University

- Led team members on academic software projects, distributing tasks by requirements and team strengths.
- Monitored progress and deadlines, and coordinated the team to resolve technical and project issues.

CERTIFICATIONS

- AWS Academy Graduate – Cloud Security Foundations
- Software Architecture & System Design Foundations; PHP Laravel Basics; Web Development with HTML, CSS & JavaScript
- AI & ML: Getting Started with Machine Learning Algorithms; AI & ML Fundamentals; GenAI & Prompt Engineering; AI Career Edge; Career with AI; AI-Powered Communication; Network Smarter with AI; ChatGPT Basics, Usage and Prospects

LANGUAGES

Bangla (Native) | English

AREAS OF INTEREST

Ethical Hacking, Penetration Testing, Vulnerability Assessment, Digital Forensics, Malware Analysis, Cyber Threat Detection, Secure Software Development, Security Research
